

Application for commercial clean fill cover or capping materials

Please complete this form in full at least 48 hours prior to delivery, supplying appropriate details so that there is no delay in processing this application. **A permit number must be issued before cover or capping material will be accepted at the Southern Landfill.** Approved applications will be notified by email to confirm acceptance.

Completed application forms can be emailed to landfillin@wcc.govt.nz. Cover or capping material, once issued with a permit number, will only be accepted Monday to Saturday 0800-1600 hours at the Southern Landfill only. Each permit will only relate to a specific job or volume and time frame.

Charges are:

Clean earthen materials suitable for landfill cover \$5.65, (excluding GST) per tonne

Clean clay suitable for final capping \$3.50, (excluding GST) per tonne

The Southern Landfill only accepts clean clay type material as clean fill at certain times of the year when required, and reserve the right to decline applications when material is not needed.
