## What is a Local Governance Statement?

The Local Governance Statement is a collection of information about the processes through which Council engages with the residents of Wellington City, how the Council makes decisions and how citizens can influence these processes. Council is required to produce such a statement by s.40 of the Local Government Act 2002, and to update it following each triennial election.

The Local Governance Statement helps support the purpose of Local Government by promoting local democracy. The purpose of local government in New Zealand is set out in the Local Government Act 2002, Part 2 section 10, as follows:

*The purpose of local government is-*

- (a) to enable democratic local decision-making and action by, and on behalf of, communities; and*
- (b) to promote the social, economic, environmental, and cultural well-being of communities, in the present and for the future.*

Accordingly, the Local Governance Statement provides the public with information under the following broad categories:

- functions, responsibilities and activities of the local authority
- electoral arrangements
- governance structure and processes
- the way elected members make decisions and relate to each other and to the management of the local authority
- key policies of the local authority

The governance statement will be updated from time to time to ensure that its content is accurate and up to date. For the most recent copy please contact Democratic Services on (04) 499 4444 or see our website [www.Wellington.govt.nz](http://www.Wellington.govt.nz)

### **3) The Electoral System and the Opportunity to Change that System**

Wellington City Council currently elects its members under the Single Transferable Vote (STV) system. Under this system electors rank candidates in their order of preference. The number of votes needed for a candidate to be elected (called the quota) depends on the number of positions to be filled and the number of valid votes cast. The election of candidates to fill all vacancies is achieved first by the counting of first preferences, then by a transfer of a proportion of votes received by any candidate where the number of votes for that candidate is in excess of the quota, and then by the exclusion of the lowest polling candidates and the transfer of these votes in accordance with the voters' second preferences.

Under the Local Electoral Act 2001 a Council can resolve to change the electoral system it uses to elect its members or can conduct a binding poll on the question. Alternatively, 5% of electors can initiate the holding of a poll by signing a petition demanding that a poll be held. If a poll of electors is held to determine the electoral system to be used, the system that is chosen cannot be changed for at least the next two triennial general elections, i.e. if a poll has been held on the issue a council cannot change its electoral system for one election and then change back to the previous system for the next election.

The Wellington City Council resolved to hold a poll of electors on this issue in November 2002. The result of the poll was in favour of changing the electoral system from the First Past the Post (FPP) to the STV voting method. The 2004 and 2007 local authority elections in Wellington City were therefore held under the STV system. The Council now has the option of choosing between STV and FPP for the triennial elections in 2010. If Council chooses to revert back to the FPP electoral system there is a process (set out in the Local Electoral Act 2001) it is required to follow.

#### 4) Representation Arrangements

The Council has chosen to elect its Councillors under the ward system and has done so since 1986. It is a legislative requirement that the Mayor be elected by the electors of the city as a whole (i.e. at-large). The Council reviewed its representation arrangements in 2006 and, because appeals were received against the Council's final proposal, the matter was referred to the Local Government Commission to determine. The Local Government Commission decided that Wellington City should be divided into five wards and have a total of fourteen Councillors (excluding the Mayor) elected to represent the electors of those wards. This determination was in support of the Council's final proposal.

The names, locations and the number of Councillors each ward elects are as follows:

<i>Ward Name</i>	<i>Number of Members</i>	<i>Geographic Location</i>
Northern Ward	3 members	Comprising Churton Park, Glenside, Grenada North, Grenada Village, Horokiwi, Johnsonville, Newlands, Ohariu, Paparangi, Takapu Valley, Tawa and Woodridge
Onslow/Western Ward	3 members	Comprising Broadmeadows, Crofton Downs, Kaiwharawhara, Ngauranga, Khandallah, Ngaio, Karori, Makara, Makara Beach, Northland, Wadestown and Wilton
Lambton Ward	3 members	Comprising Aro Valley, Highbury, Kelburn, Mt Cook, Brooklyn, Mt Victoria, Oriental Bay, Pipitea, Te Aro, Thorndon and Wellington Central
Southern Ward	2 members	Comprising Berhampore, Island Bay, Kingston, Mornington, Newtown, Owhiro Bay, Southgate and Vogelstown
Eastern Ward	3 members	Comprising Breaker Bay, Hataitai, Houghton Bay, Karaka Bays, Kilbirnie, Lyall Bay, Maupuia, Melrose, Miramar, Moa Point, Rongotai, Roseneath, Seatoun and Strathmore Park

## ***Community Boards***

The Wellington City Council has two community boards – the Tawa Community Board and the Makara/Ohariu Community Board. These boards are constituted under section 49 of the Local Government Act 2002 to:

- represent and act as an advocate for the interests of their community
- consider and report on any matter referred to it by the council and any issues of interest or concern to the community board
- make an annual submission to council on expenditure in the community
- maintain an overview of services provided by the council within the community
- communicate with community organisations and special interest groups in the community
- undertake any responsibilities delegated by the council.

Both boards have six elected members. These members are elected triennially by the electors in the respective communities. In addition to its six elected members, the Tawa Community Board has two appointed members. These members are appointed by the Council and must be Councillors who have been elected by the electors of the ward in which the community board is located (in this case two Councillors from the Northern Ward). The Makara/Ohariu Community Board does not have any appointed members. The boards elect their own chairpersons at their first meeting after the triennial election.

Council reviewed the community board structures within the city as part of its review of representation arrangements for the 2007 local authority elections. Apart from some very minor boundary adjustments to the two existing boards, Council proposed to not make any changes to the current structure. Council also decided not to establish any new community boards at this stage.

Outside of this review of community boards, which the council is required to undertake every time a representation review is carried out, electors can request the formation of a new community board. This is done by a process similar to the reorganisation process described elsewhere. Further information on these requirements can be found in Schedule 6 of the Local Government Act 2002.

## ***Representation Arrangements***

The council is required to review its representation arrangements at least once every six years. This review must include the following:

- the number of elected members it should have (every territorial authority must have at least six members and no more than 30 members, including the Mayor);
- whether the elected members (other than the Mayor) are to be elected across the city as a whole (i.e. at-large), or whether the city will be divided into wards for electoral purposes, or whether there will be a mix of ‘at large’ and ‘ward’ representation;
- if election by wards is preferred, then the boundaries and names of those wards and the number of members that will represent each ward;
- whether or not to have separate wards for electors on the Maori roll;

- whether to have community boards and if so how many, their boundaries and membership and whether to subdivide a community for electoral purposes.

The council must follow the procedure set out in the Local Electoral Act 2001 when conducting this review, and should also follow guidelines published by the Local Government Commission. The Act gives interested persons the right to make a written submission to the council on any notified proposal, and the right to be heard in support of their submission if they so wish.

They also have the right to appeal any decisions made by the Council on the above to the Local Government Commission which will make a binding decision on the appeal. Further details on the matters that the Council must consider in reviewing its membership and basis of election can be found in the Local Electoral Act 2001.

The Council conducted a review of its representation arrangements in 2006 in time for the 2007 local authority elections. It is therefore not legally required to carry out another review until 2012, in time for the 2013 elections.

### ***Maori Wards and Constituencies***

The Local Electoral Act 2001 also gives council the ability to establish separate wards for Maori electors. The Council may resolve to create separate Maori wards or conduct a poll on the matter. Alternatively, the community may demand that a binding poll be held on the issue. The demand for a poll can be initiated by a petition signed by 5 per cent of the electors who were enrolled as eligible to vote at the previous local authority election.

The Council considered this issue in October 2005 and decided not to have separate Maori wards at that time.

### ***The Reorganisation Process***

The Local Government Act 2002 sets out procedures which must be followed for proposals to:

- make changes to the boundaries of the district;
- create a new district;
- create a unitary authority;
- transfer a particular function or functions to another council.

The procedures for resolving each type of proposal are slightly different. In general they begin with a proposal either from the local authority, the Minister of Local Government, or by a petition signed by 10 per cent of electors.

Proposals for a boundary alteration or transfer of functions from one local authority to another will be considered by one of the affected local authorities or by the Local Government Commission if the local authorities refer the proposal to the Commission or if they cannot agree on which of them should deal with the matter. Proposals for the establishment of a new district or for the creation of a unitary authority will be dealt

with by the Commission. These proposals cannot be implemented without a poll of electors.

Further information on these requirements can be found in the Local Government Act 2002. The Local Government Commission has also prepared guidelines on procedures for local government reorganisation.

## **5) Members' Roles and Conduct**

### ***Elected Members***

Elected members, acting as the council, are responsible for governance, including:

- the development and adoption of council policy;
- monitoring the performance of the council against its stated objectives and policies;
- prudent stewardship of council resources;
- employment of the Chief Executive.

Elected members are also responsible for representing the interests of the residents and ratepayers of the city.

Unless otherwise provided in the Local Government Act 2002 or in Wellington City Council's Standing Orders, the council can only act by majority decisions at meetings. Any individual member (including the Mayor) has no authority to act on behalf of the council unless provided for by statute or the Council has expressly delegated such authority.

Elected members have specific obligations as to their conduct in the following legislation:

- schedule 7 of the Local Government Act 2002, which includes obligations to act as a good employer in respect of the Chief Executive and to abide by the current code of conduct and standing orders;
- the Local Authorities (Members' Interests) Act 1968 which regulates the conduct of elected members in situations where there is, or could be, a conflict of interest between their duties as an elected member and their financial interests (either direct or indirect);
- the Secret Commissions Act 1910, which prohibits elected members from accepting gifts or rewards which could be seen to sway them to perform their duties in a particular way;
- the Crimes Act 1961 regarding the acceptance of gifts for acting in a certain way and the use of official information for private profit.

All elected members are required to adhere to a code of conduct. Adopting such a code is a requirement of the Local Government Act 2002. Once adopted, such a code may only be amended by a 75 per cent or more vote of the Council. The code sets out the Council's understanding and expectations of how the Mayor and councillors will relate to one another, to staff, to the media and to the general public in the course of their duties. It also covers disclosure of information that is received by or is in the possession

of elected members, and contains details of the sanctions that the council may impose if an individual breaches the code. Copies of the full code of conduct may be obtained from Democratic Services (contact 499 4444) or from the website [www.Wellington.govt.nz](http://www.Wellington.govt.nz).

### ***Mayor***

The Mayor is elected by the city as a whole and as one of the elected members shares the same responsibilities as other members of Council. The Mayor also has the following roles:

- presiding at Council meetings. The Mayor is responsible for ensuring the orderly conduct of business during meetings (as determined by Standing Orders)
- advocating on behalf of the community. This role may involve promoting the community and representing its interests. Such advocacy will be most effective where it is carried out with the knowledge and support of the council
- spokesperson for the council
- ceremonial head of Council
- providing leadership and feedback to other elected members on teamwork and chairing of committees
- fulfilling the responsibilities of a Justice of the Peace (while the Mayor holds office).

### ***Deputy Mayor***

The Deputy Mayor must be elected by the members of Council at the first meeting of the Council. The Deputy Mayor exercises the same roles as other elected members, and if the Mayor is absent or incapacitated, the Deputy Mayor must perform all of the responsibilities and duties, and may exercise the powers of the Mayor (as summarised above). The Deputy Mayor may be removed from office by resolution of Council.

### ***Chief Executive's Responsibilities***

The Chief Executive is appointed by the Council in accordance with section 42 and clauses 33 and 34 of Schedule 7 of the Local Government Act 2002. The Chief Executive implements and manages the council's policies and objectives within the budgetary constraints established by the council. Under section 42 of the Local Government Act 2002, 'a chief executive appointed under subsection (1) is responsible to his or her local authority for:

- implementing the decisions of the local authority; and
- providing advice to members of the local authority and to its community boards, if any; and
- ensuring that all responsibilities, duties and powers delegated to him or her or to any person employed by the local authority, or imposed or conferred by an Act, regulation or bylaw, are properly performed or exercised; and
- ensuring the effective and efficient management of the activities of the local authority; and
- maintaining systems to enable effective planning and accurate reporting of the financial and service performance of the local authority; and
- providing leadership for the staff of the local authority; and
- employing, on behalf of the local authority, the staff of the local authority; and

- negotiating the terms of employment of the staff of the local authority’.

## **7) Meeting Processes**

The legal requirements for Council meetings are set down in the Local Government Act 2002 and the Local Government Official Information and Meetings Act 1987 (LGOIMA).

All Council and committee meetings must be open to the public unless there is reason to consider some item in a 'public excluded' session of the committee or Council. Although meetings are open to the public, members of the public do not have speaking rights unless prior arrangements are made with council. This can be arranged by speaking with Democratic Services at least one full working day before the meeting.

LGOIMA contains a list of the circumstances where councils may consider items with members of the public excluded from the meeting (these circumstances generally relate to protection of personal privacy, professionally privileged or commercially sensitive information, and the maintenance of public health, safety and order). The council agenda is a public document, although parts may be withheld if the public excluded circumstances apply to those parts.

The Mayor or committee chair is responsible for maintaining order at meetings and may, at his or her discretion, order the removal of any member of the public for disorderly conduct, or remove any member of Council who does not comply with standing orders.

Minutes of meetings must be kept as evidence of the proceedings of the meeting. These must be made publicly available, subject to the provisions of LGOIMA.

For an ordinary meeting of Council, at least 14 days notice of the time and place of the meeting must be given. Extraordinary meetings generally can be called on 3 working days notice or 24 hours notice in some circumstances.

During meetings the Mayor and councillors must follow standing orders (a set of procedures for conducting meetings). The Council may suspend standing orders by a vote of 75 per cent of the members present.

(LGOIMA 1987; LGA 2002)

## **8) Consultation Policies**

### **8.1 Engagement Policy**

The Local Government Act 2002 guides Council's actions with regard to consultation, setting out consultation principles and specific steps to be followed when making certain decisions. The Council's commitment to the Act and consulting when a decision is to be made is articulated in Section 5 of its broader Engagement Policy.

This section states that the Council is committed to ensuring communities have the ability to make their views known and to do so knowing they have a genuine ability to influence the decision. It is based on the belief that consultation strengthens the Council's decision-making as it gives those most involved in or affected by an issue the opportunity to advise the Council and/or provide information the Council may not otherwise have access to.

The consultation component of the Engagement Policy is based around the following key principles:

- encouraging early involvement in decisions
- ensuring the process is clear and open
- encouraging input and information from a diversity of views
- giving people enough time to provide comments
- ensuring all relevant information is provided
- ensuring all information is accessible
- acknowledging all responses and providing feedback.

Further information on the Engagement Policy can be viewed at the following location on our website:

<http://www.Wellington.govt.nz/plans/policies/engagement/index.html>.

### **8.2 Special Consultative Procedure**

The Council is required to use the special consultative procedure in some situations. The procedure sets out minimum requirements that guarantee the public a chance to contribute prior to key decisions being made.

The special consultative procedure consists of the following steps:

1. Preparation of a statement of proposal and a summary.  
*The council must prepare a description of the proposed decision or course of action. The statement must be available for distribution throughout the community and must be available for inspection at the council office and may be made available elsewhere. The council also has to prepare a summary of the proposal which must be distributed as widely as the council considers reasonably practicable.*

2. Give public notice.  
*The council must publish a notice in one or more daily newspapers, or in other newspapers of equivalent circulation, of the proposal and of the consultation being undertaken.*
3. Acknowledge and hear submissions.  
*The council must acknowledge all written submissions and offer submitters a reasonable opportunity to make an oral submission. The council must allow at least one month (from the date of the notice) for submissions.*
4. Deliberate in public.  
*All meetings where the council deliberates on the proposal or hears submissions must be open to the public (unless there is good reason to exclude the public under LGOIMA). All submissions must be made available unless there is reason to withhold them under LGOIMA.*
5. Provide feedback  
*Following a decision, feedback on the decision and the reasons for it is provided to submitters.*

The special consultative procedure must be used in the following situations:

- to adopt or amend the long-term council community plan
- to adopt an annual plan
- to adopt, amend or review a bylaw
- to propose a change in Council's role in a significant activity
- to establish a council controlled organisation or change the mode of delivery of a significant asset (where this is not specifically provided for in the long term council community plan).

## **9) Policies for Liaising with Maori and any Memoranda or Agreements with Maori**

The Council has established a range of governance and participation mechanisms that enable the Council to meet its obligations and responsibilities to local iwi and the wider Maori community.

The Council's relationship with local iwi is defined through separate memoranda of understanding with Ngati Toa Rangatira and the Wellington Tenth Trust. The memoranda outline how local iwi participate in Council matters relating to protocol, policy, regulatory and service delivery matters. Both the Wellington Tenth Trust and Ngati Toa are non-voting members of Council's Strategy and Policy Committee.

In addition, regular hui are held to inform and engage the wider Maori community on issues of concern to them and the Council.

(Treaty Relations)

## **10) The Management Structure and the Relationship between Management and Elected Members:**

The Local Government Act 2002 requires Council to employ a Chief Executive whose responsibilities are to employ other staff on behalf of Council, implement Council decisions and provide advice to Council. Under the Local Government Act the Chief Executive is the only person who may lawfully give instructions to a staff member. Any complaint about individual staff members should therefore be directed to the Chief Executive, rather than the Mayor or Councillors.

## **11) Diversity Management**

The Wellington City Council is actively committed to managing diversity and the Council is an active member of the Equal Employment Opportunities (EEO) Trust and the EEO Trust Employers group.

Managing diversity aims to ensure that all work opportunities at the council – such as recruitment, training, promotion and terms of employment – are provided fairly and reflect our diverse city communities. All employees and job seekers are to be treated equitably whatever their race, ethnicity and colour, gender, age, disability, sexual orientation, family status, religious or ethical beliefs, political opinions and marital status.

By employing best practice in Human Resource management, the Council benefits from the creation of a harmonious working environment free of discrimination which:

- creates an environment in which high performing teams can flourish
- improves overall morale which enhances our customer service and productivity
- encourages a wider range of job applicants
- adds colour of beliefs and opinions to our work force which better reflects the diverse nature of the city's residents
- improves overall staff relations which in turn reduces absenteeism and staff turnover
- allows the Council to demonstrate that it supports and encourages human rights and particularly EEO legislation

## **12) Key Approved Planning and Policy Documents and the Process for their Development and Review**

### ***Long Term Council Community Plan***

The Council develops a long term plan every three years. The plan sets the long-term direction for the Council and Wellington. It provides a forecast of the activities that are expected to be delivered in the upcoming three years and projections for those in the following seven years.

The plan provides the basis for Council's work and is subject to consultation. It details: the outcomes that Council's activities contribute to; the associated cost of providing those; and the indicators that will be used to measure the Council's performance. The next long term plan will be adopted for the year beginning 2009/10.

### ***Annual Plan***

The Council produces an Annual Plan in the years that it is not producing a long term plan. It supports the long term plan by explaining what the Council intends

to do in the particular year that the plan covers, the expected cost and how it will be funded. The plan establishes the levels of service to be provided and is subject to change through consultation.

### ***Annual Report***

The Annual Report presents an account of the Council's performance in the year from 1 July to 30 June. It is a key document for the Council. It outlines what the Council committed to do in the year, and how it delivered on that – providing accountability to ratepayers. Every household in Wellington receives a summary of this document in their letterbox.

In addition to the above, the council has a number of other strategy documents and plans, policies, and asset management plans. Some definitions for these are provided below:

*Strategies* are Council approved big picture documents and leadership statements, generally with an agenda for change, setting out how Council can get from where it is to where it wants to be.

*Policies* are documents whereby Council has approved statements of position, or bases for action, which represent the organisation's position on specific issues as an entity to the city and general public, or in the face of legislative requirement.

*Asset Management Plans* are key planning documents for the Council's infrastructural assets that ensure a required level of service is maintained at the lowest total cost over the long term. The plans cover all aspects of an asset – policy, management, finance and engineering.

The Council also has a *District Plan* which is the primary document that manages land use and development within the Council's territorial boundaries. The Council is required to review the plan in full every 10 years, although the Council keeps it up-to-date through regular plan changes.

Some of the strategies, policies and plans which are more frequently referred to are listed below. These documents are available for viewing on the council website: [www.Wellington.govt.nz](http://www.Wellington.govt.nz). For further information on other such documents, please contact the Wellington City Council Policy Unit by phoning 499 4444.

### 14) Requests for Official Information

Under the Local Government Official Information and Meetings Act 1987 (LGOIMA) any person may request information from the council. Any request for information is a request made under LGOIMA. You do not have to say that you are making a request under LGOIMA.

Once a request is made the council must supply the information unless reason exists for withholding it. The LGOIMA says that information may be withheld if release of the information would:

- Endanger the safety of any person
- Prejudice maintenance of the law
- Compromise the privacy of any person
- Reveal confidential or commercially sensitive information
- Cause offence to tikanga Maori or would disclose the location of waahi tapu
- Prejudice public health or safety
- Compromise legal professional privilege
- Disadvantage the local authority while carrying out negotiations or commercial activities
- Allow information to be used for improper gain or advantage

The council must answer requests within 20 working days (although there are certain circumstances where this time-frame may be extended). The council may charge for official information under guidelines set down by the Ministry of Justice.

Requests for official information may be written or oral and should be directed to the Manager, Issues Resolution Officer, Issues Resolution, Wellington City Council, PO Box 2199, Wellington, who will action the request on behalf of the Chief Executive.

(LGOIMA 1987).
