 - b) *Note that the report is required under Section 10A of the Dog Control Act 1996 and that Section 10A requires that the report be publicly notified and a copy provided to the Department of Internal Affairs.*

3. Background

The Council has a legal requirement to manage the provisions under the Dog Control Act 1996 and Dog Control Amendment Acts 2003, 2004 and 2006. The Dog Control Act provides a sound legislative framework for Council to manage dog behaviour, public safety and owner compliance (*information regarding the menacing and dangerous classifications is attached as appendix ii*).

The Council's Dog Control Policy was adopted in September 2004, following extensive public consultation. The Policy makes provisions relating to the control of dogs in public places, within Wellington City. These policy provisions are enforceable under the Wellington City Council Consolidated Bylaw – Amendment 18, Part 3 Animals.

The Council's Dog Control Policy is currently being reviewed, in response to legislative changes. The first phase of this review is to survey dog owners on dog exercise areas. The survey is to be sent in May 2008 with dog re-registration information for the 2008/09 registration year.

4. Discussion

The Council has a statutory duty, under Section 10A of the Dog Control Act 1996, to report annually on its Dog Control Policy and practices. The Council is also required to give public notice of the report and must send a copy to the Secretary of Local Government (Department of Internal Affairs).

The attached report meets the Council's statutory duty for the year:
1 July 2006 – 30 June 2007.

5. Conclusion

The Council is required to report annually on its Dog Control Policy and practices. The attached report is presented for approval by the Committee.

Appendix ii: Dog Control Policy 2004 – Dangerous and Menacing Classifications

Classification as Dangerous Dog

Under the Act provision is made for classifying individual dogs as dangerous. This classification is made where:

- an owner of the dog has been convicted of an attack offence under section 57A(2) of the Act
- the territorial authority has sworn evidence that the dog has shown aggressive behaviour
- the owner admits that the dog constitutes a threat to the safety of any person, animal or stock.

This procedure is prescribed by law and is not open to interpretation by Council.

In addition to all other obligations the owner of any dog that is classified as dangerous must:

- ensure their property is fully fenced and gated
- ensure the dog is muzzled in any public place
- ensure the dog is neutered
- not dispose of the dog to any other person without the written consent of the territorial authority.

Classifying dogs as dangerous is an effective method of controlling individual dogs that have demonstrated aggressive or dangerous behaviour. Council will, where appropriate, classify dogs as dangerous.

Classification as Menacing Dog

Under the Act provision is made for classifying dogs as menacing. This classification is made where a territorial authority considers a dog may:

- pose a threat to any person, stock, poultry, domestic animal, or protected wildlife because of any observed or reported behaviour of the dog or
- has characteristics typically associated with a prohibited dog breed or type.

Menacing classification due to breed or type

In addition to all other obligations the owner of any dog that is classified as menacing due to breed or type must:

- ensure the dog is muzzled in any public place

- ensure the dog is neutered within 1 month of classification.

Menacing classification due to behaviour

In addition to all other obligations the owner of any dog that is classified as menacing due to behaviour:

- must ensure the dog is muzzled in any public place
- may be ordered by the Council to have the dog neutered, within 1 month of notification.

Classifying dogs as menacing is an effective method of controlling individual dogs that have demonstrated aggressive or dangerous behaviour. Council will, where appropriate, classify dogs as menacing
