023/09KG **DEPUTATIONS**  
(1215/52/03/IM)

**NOTED:**

1. Frances Lee from the Trelissick Park Group addressed the Subcommittee regarding their grant application for restoration work on the Kaiwharawhara Estuary and reclamation. Ms Lee noted the area's significance to Wellington, being part of the gateway into Wellington and visible from the motorway, railway lines, and local suburbs. She advised the Kaiwharawhara catchment that the park and stream were important corridors for birds and fish. Mr Lee noted that if the grant application was successful, it would go towards funding a feasibility study on protecting the area.

2. Bill Southworth and Patrick McCombs from New Crossways Community Trust addressed the Subcommittee regarding their grant application. Mr Southworth and Mr McCombs advised that they were in support of the recommendations contained in the officer's report. They noted that grant funding would go towards lease payments for the premises, but that New Crossways Community Trust would continue fundraising to make up the remainder. The Subcommittee noted that Mr Southworth is currently volunteering as centre coordinator. Mr Southworth and Mr McCombs will work with officers regarding rates assistance.
3. Karen Smyth and Jocelyn Morrison from Mount Cook Mobilise addressed the Subcommittee regarding their grant application. Ms Smyth and Ms Morrison noted that the organisation was established under the umbrella of the Newtown Residents Association but maintains independent advocacy for issues from the suburb of Mount Cook. They noted that the organisation has positive working relationships with Foodstuffs, regarding the proposed supermarket in Tasman Street, and the Wellington City Council, after lobbying for the new pedestrian crossing for Wallace Street, and it has completed a number of local planting and playground initiatives. The organisation is seeking funding to support the employment of a coordinator as they have a number of planned activities for further developing relationships within the neighbourhood.
4. Antony Dixon from the Wadestown Tennis Club addressed the Subcommittee regarding their grant application. Mr Dixon noted that the club has existed since 1920s, though membership lapsed during the 1990s. It has since been re-established and is based at Wadestown School. The Subcommittee noted that the club is seeking funding for improvements to gates and fencing around the tennis courts. Mr Dixon advised that they have recently formed a junior club, and community interest in that and the club overall is high.
5. Fiona Ellwood and Jo Hodge from Pablos Art Studio Incorporated addressed the Subcommittee regarding their grant application. Ms Ellwood and Ms Hodge noted that their organisation was established to build the talents and confident of artists. They noted that Pablos has a good relationship with Wellington City Council and though their three year funding bid was declined they rely on Council funding to continue operating. Ms Ellwood and Ms Hodge advised that Pablos has a supportive landlord and they are currently exploring options to manage accessibility issues to their building, including working with the Council's disability advisor.

6. Karyn Burgess from Enviroschools and Barry Schon, Principal at Houghton Valley School, addressed the Subcommittee regarding the Enviroschools grant application. Ms Burgess and Mr Schon noted that the application would enable the programme to be rolled out through more schools within Wellington City. They noted that the programme is developed nationally but their operations are supported regionally through funding from local authorities. The Subcommittee noted that the programme also benefits from voluntary contributions from participating schools.
7. Joel Umali and Erina Papp from Wellington ICT addressed the Subcommittee regarding their grant application. They noted the grant funding would be used for their E-Rider Extension programme and for their community engagement. Mr Umali and Ms Papp acknowledged the existing support from Wellington City Council. They noted that by supporting these projects, the Council would be supporting the vision of enhancing community involvement and engaging with ICT. Ms Papp noted the organisation is benefiting from new energy, including a new Director and a number of new Trustees.

8. Jo Freeman and Catherine Miller from the committee working on the Thorndon Farmers' Market addressed the Subcommittee regarding their grant application. Ms Freeman and Ms Miller noted Wellington currently lacks an authentic farmers' market, and their research has indicated a high level of demand in the initiative. They noted that the work to date has involved getting interest from potential retailers and finding a suitable site in Thorndon. They advised that the initiative has support from the Thorndon Residents' Association as well as local schools and service providers. They noted that the bulk of any grant funding would be put towards purchasing suitable canopies for use at the market.

(The meeting reconvened at 11.02am.)

(Councillors Ahipene-Mercer, Cook, Gill, Pannett, and Wain were present when the meeting reconvened.)
