

## 2008/09 DRAFT ANNUAL PLAN - FEES AND CHARGES SCHEDULE

---

### Fees and user charges

Our Revenue and Financing Policy guides our decisions on how to fund Council services. Under the policy, we take into account who benefits from a service (individuals, parts of the community, or the community as a whole) to help us determine how the service should be funded. The policy sets targets for each Council activity, determining what proportion should be funded from each of user charges, general rates, targeted rates and other sources of income.

For 2008/09, in line with that policy, we're proposing some changes to fees and charges in the following areas.

- Development control and facilitation
- Recycling
- Marinas
- Burials and cremations
- Footpaths & Pavement Permissions
- Sportsfields

In addition, we are proposing to introduce a trade waste charging regime. The full draft trade waste policy is included on pages **XX** to **XX**.

New fees will be implemented as of 1 July 2008 and are inclusive of GST. For more information see [www.Wellington.co.nz](http://www.Wellington.co.nz)

We are also proposing the following variations from our Revenue and Financing Policy. We are increasing the proportion of the Building Control and Facilitation activity to be funded by user charges from 60% to 65%, to better reflect the proportion of costs the Council is seeking to obtain from the direct beneficiary.

We are decreasing the proportion of the Promoting and Hosting Cultural Events activity funded from non-rates revenue from 25% to 20% to reflect a transfer of events into this activity. This is fiscally neutral at an overall Council level. We propose to formalise these changes into the Revenue and Financing Policy when the Long Term Council Community Plan (LTCCP) is revised next year.

### Development control and facilitation

We are proposing to increase our fees for development control and facilitation work, including fees for consents, compliance monitoring and enforcement.
