Vacant land (Melrose Road), Southgate	C11	538	1.4765	Lot 105 DP44309 CT WN16D/1136	Open space B	Fe simple	Historic reserve	This reserve is subject to a drainage easement. High level of cultural significance, the area was part of the former Uruhau pa. Officers recommend Council classify as Historic Reserve.	Historic reserve
Owhiro Bay Quarry	D2	2327	0.8764	Pt Lot 1 DP 26908 CT39D/222	Rural	Fee simple	Historic reserve	A number of submissions proposed classification to Scenic (1b) rather than historic reserve. The main reasons were the historic classification may undermine the work on restoring the former quarry site and that Scenic (1b) would give better protection to the high natural values. Officers have consulted with Iwi again and both Wellington Tenth's trust and Ngati toa supports the proposal to classify the area as Scenic (1b). Consideration has also been given to the significant landscape of high scenic quality. This classification also protects the significant cultural and heritage features on this site and the restoration of the landscape following closure of the quarry. It is therefore recommended the site is classified as Scenic (1b)	Scenic (1b)
