

*Dog Control Policy and  
Practices under the Dog  
Control Act 1996  
1 July 2006 – 30 June 2007*

To the Secretary for Local Government  
Department of Internal Affairs  
As required under Section 10A of the Dog Control Act 1996

## **1. Introduction**

The Wellington City Council, as a territorial authority, is required to manage and enforce provisions pursuant to the Dog Control Act 1996 and subsequent amendments in 2003, 2004 and 2006.

Section 10A of the Act requires the Council to report annually to the Secretary of Local Government on its Dog Control Policy and practices.

This report fulfils this statutory requirement for the dog registration year:  
**1 July 2006 to 30 June 2007.**

## **2. The Council's Dog Control Policy and Practices**

### **2.1 Policy objectives**

The Council adopted a Dog Control Policy in September 2004 making provisions relating to the control of dogs in public places, which are enforceable under the Wellington City Council's Animals Bylaw.

The objectives of the policy are:

- To ensure that the owners of dogs comply with their obligations under the Act
- To prevent the danger caused by dogs to the public and to wildlife and natural habitats
- To minimise the distress and nuisance caused by dogs to the public and to wildlife and natural habitats
- To actively promote the responsible ownership of dogs
- To provide for the reasonable exercise and recreational needs of dogs and their owners.

### **2.2 Dog Exercise Areas**

The Council provides 48 designated off-leash exercise areas across the city. Several beach exercise areas are also provided. The criteria used to determine these areas include an assessment of:

- other predominant uses
- assessment of size and access to the area
- the presence of wildlife
- consideration of lines of sight
- potential risk to other groups
- adjoining uses.

### **2.3 Dog prohibited areas**

Dogs are prohibited from certain specified areas. In determining the levels of access for dogs, consideration is given to the intensity of public use and the associated risk posed to other groups and the public who use the area. The following criteria are used in assessing prohibited areas:

- is it a children's play area
- is it a sports field
- is it ecologically sensitive.

Regular patrols were carried out in areas where dogs are prohibited. Publicity on beach restrictions took place during October to December in 2006 to alert dog owners and the general public about variations in dog exercise areas in the summer months. Signage is installed and maintained at sensitive prohibited areas.

All of the City's parks and recreation areas were regularly patrolled by Animal Control Officers during the 2006/07 year. Particular attention was paid to the Central Business District and the City's beaches during the summer holiday season. The majority of dog owners spoken to were aware of the rules and of their obligations.

## **2.4 Fees**

Dog registration fees, fines and impound fees are used to fund dog control in the city. A discounted dog registration fee is offered to those who register their dogs by 1 August. The Council operates a Responsible Dog Owner scheme which provides a discounted rate for dog owners who meet the relevant criteria. Dog registration fees are set by Council resolution.

## **3. Dog Control Statistics**

### **3.1 Section 10A (2) information**

The following information is required under section 10A (2) clauses a – g.

#### **a. Number of registered dogs in Wellington**

<b>Category</b>	<b>2005/06</b>	<b>2006/07</b>
Total number of registered dogs	8582	8558

#### **b. Number of probationary and disqualified owners\***

<b>Category</b>	<b>2005/06</b>	<b>2006/07</b>
Total number of probationary owners	0	0
Total number of disqualified owners	1	1

The Act allows Council Officers, under delegated authority, to classify any person as a probationary owner for a period of 24 months, or to disqualify a person from owning a dog for up to five years where, the owner has been convicted of an offence under the Act, or has received three infringement notices in 24 months.

The disqualification provision has been applied to an owner that received 11 infringements over a period of six months for failing to keep the dog on their property. The dog when not confined to the property, continually challenged members of the public compromising public safety.

**c. Number of dogs classified as dangerous (Section 31)**

<b>Category</b>	<b>1 July 2004 - 30 June 2005</b>	<b>As at 1 July 2005 - 30 June 2006</b>	<b>1 July 2006 - 30 June 2007</b>

Other enforcement options were effectively employed, e.g. infringements (see number of infringements issued in e. above), meaning that summary prosecution was not required.

## **4. Other Information**

### **4.1 Dog Education and Dog Obedience courses**

- Education presentations were made to three Wellington schools reaching 346 children. All Wellington schools were offered a free presentation and every school was visited who had requested a visit. The remainder of the schools who accepted the offer were scheduled for visits from July 2007 onwards.
- Dog Owner Community Training was provided in November 2006 where free dog training and assessment classes were provided to 130 dog owners. An educational presence was provided at the Sevens Parade and the Cuba Street Carnival of 2007.
- A series of dog educational brochures are available and were distributed. This material is focused on bite prevention in the community.
- A copy of the Dog Control Policy and Animal Bylaw is available for every dog owner through the Council website, and information regarding Dog Exercise Areas is also available through the Council Website. A copy of the Dog Control Policy is included in every dog owner's original registration pack.
