

Transfer station temporarily moving

The Southern Landfill transfer station is temporarily moving so maintenance and repair work can be carried out. The normal transfer station will be closed and a temporary one set up for use on the tip face, just around the corner.

The temporary transfer station is now operating and will be open approximately six weeks. Follow the signs and any directions from staff.

There will be no change for commercial trucks as the temporary station will be in a different area on the tip face.

Please phone 499 4444 for more information.

Please see map over page.

Thank you for your patience.

You will be able to do everything at the temporary station that you could do at the old station, including dropping off hazardous waste. There are just a few things to be aware of:

- There is little shelter so if it's wet or very windy, please stay in your car. Staff will be on hand to help you unload safely.
- Temporary surfaces may be muddy so wear appropriate footwear.
- There will be more traffic than usual near the tip face.
- Under no circumstances are children allowed out of vehicles at the temporary transfer station.

The temporary transfer station will be open normal hours:

Monday – Saturday, 7.30am – 5pm
and Sundays, 9am – 5pm.
