

Health and Safety Induction Checklist

Wellington City Council (WCC) assists community environmental groups wishing to contribute to the management of biodiversity in their local areas of reserve through the community greening programme. The health and safety of people volunteering in these groups is important.

A Wellington City Council employee will complete the following health and safety induction with all Community Group Coordinators (CGC's) to enable them to confidently manage the group's health and safety requirements on site.

Name of WCC person providing induction _____	Date _____
Name of Community Group Coordinator _____	Site _____

Health and Safety Checks:

<input type="checkbox"/> Given an overview of the WCC Health and Safety Policy as a guideline to working safely.
<input type="checkbox"/> Given an overview of the Site Safety Assessment (SSA).
