Hi Theresa

Thanks for the call and updated plans.

In terms of the effects on the trees I note the following.

- There is no change to the trees being relocated (Trees 3 and 4), however they are being moved to different locations.
- The change to the building footprint has no material effect on the disturbance of the root zones of trees 5, 6 and 8. The percentage root loss stays the same.

Overall, my conclusion and recommendations in the report, remain the same, so we don't need to update the report.

If you have any questions or need anything else please let me know.

Ngā mihi | Kind regards

David Spencer

Hi David

I've attached the updated planting plan from Wraights. Will call you shortly.

Regards,  
Theresa
