
PROPOSED TEMPORARY ROAD CLOSURE – IMPACT REPORT

HOMEGROWN / HARBOURSIDE MARKET 03 MARCH 2013

1. Description of Event

With both the Home-grown Event and the Harbourside Market competing for space on this particular day, there is a need to extend the events footprints to allow them both to run successfully.

Home-grown has traditionally positioned their 'Electronic' stage setup within the Barnett Street car park, however given the increasing popularity and growth of the Harbourside Market, it is no longer possible for them both to operate within the same area without extending the footprint out onto Barnett Street itself.

In addition to the closure, portions of the Harbourside Market will relocate onto the Waitangi Stream Promenade for the day.

The proposed closure is from **Midnight until 5pm on Sunday 03 March 2013**.

The proposed road closure is:

- **Barnett Street** (provision will be made for vehicles requiring access to Te Papa loading facilities, and exiting Te Papas car park.

The event is to be traffic managed by a professional traffic management company. Pedestrian access will not be restricted and emergency services will have immediate access to the area if required.

2. Events Directorate Support

This event is supported by the City Events team.

3. Proposal Notice and Consultation

The public notice that the Council is proposing to consider this closure was published in the following newspaper:

- Dominion Post Saturday 26 January 2013.

The New Zealand Police and the Ministry of Transport have also been consulted with.

4. Objections

There have been NO objections to this closure request.

5. Traffic Impact Assessment

Prior Closures

None of the proposed closures for this event will result in a road being closed for an aggregate of more than 31 days in any year.

Traffic Impact

In the opinion of Steve Spence (Chief Transport Planner), acting as the Council's Traffic Engineer, the proposed closure, if implemented according to an approved traffic management plan, will have minimal impact to the road network. However, the Council reserves the right to modify this opinion at any time. If, in the opinion of the Council, the closure may or does impede traffic unreasonably, any approval granted by the Regulatory Processes Committee may be revoked and the event organiser may be required to re-open the road at the direction of a suitably qualified Council officer in charge of traffic.

Conditions:

- The event organiser is to ensure that the closure is publicised via media releases and advanced notification signs to inform the public of the road closures.
- The event organiser is responsible for the ongoing maintenance of the temporary traffic management plan during the road closure.
- The event organiser is to ensure that the emergency services (Police, Fire and Ambulance Services) have been consulted with and that the Traffic Management Plan includes all of their specific requirements.
- The event organiser is to ensure that the affected property owners and businesses along the road closure are consulted with.
- The event organiser is to provide marshals at the road closure ends to ensure that public safety (interaction of traffic and spectators) is not compromised.

Signed 

Steve Spence
Chief Transport Planner
